

3.3D EXPLANATION OF CHARGES

EXPLANATION OF CHARGES FOR SERVICES RECEIVED DURING TODAY'S Z-CAN VISIT

As a patient that is receiving services through the Zika Contraception Access Network (Z-CAN), you will receive the following services free of charge:

- Client-centered contraceptive counseling
- The reversible contraceptive method of your choice
- Insertion/removal of implant or IUD if you chose that as your Z-CAN method

If you receive any of the following services today, in addition to the contraceptive services listed above, you may incur a charge or your insurance may be billed if applicable. Additional services that could be provided include, but are not limited to:

- Pap smear
- STD screening
- Ultrasound (Not for routine IUD insertion)
- Pregnancy testing
- Removal of a previously placed LARC
- Other: _____

Please sign indicating that you have received this information and acknowledge that you understand which Z-CAN contraceptive services are provided at no cost and which services are not covered under the Z-CAN program.
