Dear <Point of Contact>,

I am writing on behalf of the Zika Contraception Access Network (Z-CAN) health education campaign, Ante La Duda, Pregunta, to request participation in <name of event> on <date of event>.

Primary prevention of Zika-related adverse pregnancy and birth outcomes includes prevention of unintended pregnancies through the consistent and correct use of contraception. Ante La Duda, Pregunta is a health- education campaign focused on educating and increasing awareness about the full range of reversible contraceptive methods available through Z-CAN. Z-CAN is a program developed by the CDC Foundation, with technical assistance from the CDC, to provide the full range of reversible contraceptive methods, free of charge and on the same day to Puerto Rico women who choose to delay or avoid pregnancy during the Zika outbreak.

We are interested in being a part of your event because it is an excellent opportunity to reach women in the community. We would like to request <insert request – i.e., table, booth, speaking slot> to share information, tools and other resources about the Z-CAN effort.
